THE PROPERTY

The upper two/ two and half floors enjoy their own private entrance thereby making potential conversion into self-contained residential apartments significantly more straight-forward. Currently they are offered as dated, but well-presented office spaces with excellent ceiling heights, an abundance of natural light and air conditioning.

32 Chippenham Mews enjoys a rare and peaceful position along this cobbled parade and comprises a large double garage to the Ground Floor level with electric up and over door, and a separate pedestrian access point to the large duplex apartment that spans the first and second floors.

Extensive development potential to either convert the garage into residential or incorporate the existing Boardroom (stp) make this an appealing overall proposition for future works.

THE LOCATION

The site enjoys an exceptionally convenient Central London location being on the fringe of a number of extremely high value postal districts, namely W1, W2, W11 and NW8. This, and the fact that once you cross beneath the Westway you are effectively entering the Marylebone district all makes for a compelling investment argument for the future at such low levels of capital value.

The road itself enjoys a vast range of business and residential spaces and is considered to be a key artery into Central London from north London postal codes. The open spaces of Paddington Rec and the Hyde Park Estate allow for a balanced London lifestyle and the immediate transport facilities listed below demonstrate the strengths of this highly convenient location.
