Nestled amidst 0.36 acres of its own gardens, Coburg Cottage presents a rare opportunity to acquire a stunning Grade II Listed home in a glorious rural location. Thoughtfully renovated and extended over time, this well presented cottage seamlessly blends period charm with modern comfort, offering a characterful yet functional family home.

Full of original features, Coburg Cottage boasts exposed timber beams, an impressive inglenook fireplace with a woodburning stove, and a warm, inviting atmosphere throughout. The carefully considered layout provides both spaciousness and versatility, perfect for modern family living.

Upon entering the property, a welcoming entrance hall leads to a useful boot/storage room and a conveniently located cloakroom. The heart of the home is the open-plan kitchen/dining area, fitted with a range-style cooker and an array of base and wall units, offering ample storage. French doors flood the space with natural light and open onto the gardens, creating a bright and airy dual-aspect room.

The spacious sitting room features three large windows overlooking the gardens, an impressive inglenook fireplace, and a striking original timber beam marked with East & West orientation carvings. A further reception room, currently used as a snug and home office, offers a cosy yet functional space with stairs leading to the first floor and a door to the rear courtyard.

The first-floor landing provides built-in storage and access to four generously sized double bedrooms. The master suite enjoys a dual

aspect with picturesque countryside views and a private en-suite shower room. The remaining three bedrooms are equally spacious, each offering stunning rural vistas. A beautifully appointed family bathroom completes the first floor, featuring a classic white suite with a roll-top bath, pedestal wash basin, and low-level WC.

The expansive gardens are a true highlight, extending to approximately 0.36 acres. A gated driveway leads to a paved parking area and a detached double garage. The gardens themselves are a blend of formal planting and natural landscapes, featuring mature flowers, shrubs, and herbaceous borders.

A wooden pergola over the rear terrace offers the perfect spot to enjoy the summer evenings, while a sheltered courtyard garden provides an alternative al fresco dining area. To the rear, a natural garden with mature trees and winding pathways leads to a secluded garden space, surrounded by established shrubs and bushes.

With its stunning period features, flexible living spaces, and exceptional gardens, Coburg Cottage offers a unique and exciting opportunity for buyers seeking a charming countryside retreat.
