Well Proportioned City Centre House

This well-positioned townhouse is situated in the highly regarded Sutton Gardens development, popular because of its peaceful position just off St Peter Street close to the city centre. The property offers well-balanced, practical accommodation and the rare benefit of both parking and a garage for such a central location.

The ground floor includes a long, integral garage with entrance hall alongside, from which practical spaces such as a WC and utility can be reached. An attractive garden room is also on this level and this has a door out to the rear garden. Stairs rise from the hall up to the first floor where a small landing leads to an excellent, welcoming sitting room which reaches across the entire width of the property. A pair of long windows, and a third window bring in plenty of natural light. At the rear, the attractive dining room is located immediately alongside the kitchen, and both rooms feature the same long windows. The kitchen itself houses ample base and eye-level units as well as space for appliances. Rising to the second floor there are two double bedrooms, both with built-in cupboards, and a smart shower room is alongside for the bedrooms to share.

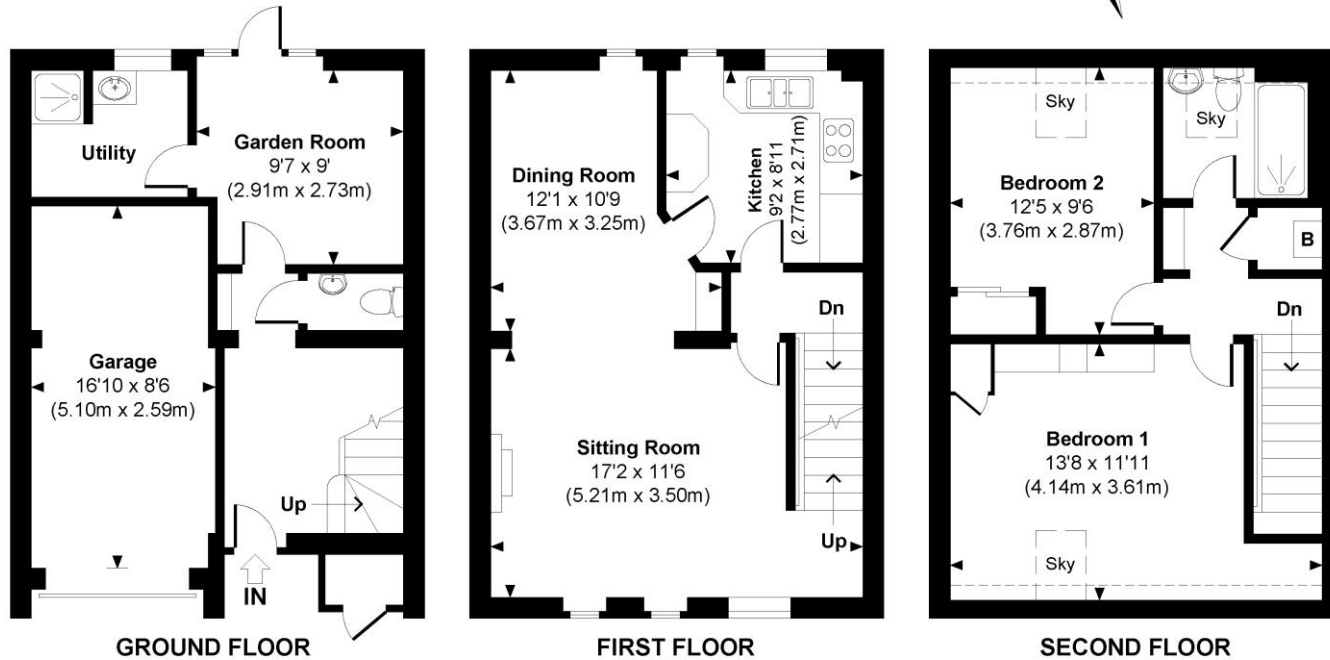

Outside to the front of the property is a private parking space immediately in front of the garage. A courtyard garden at the rear is completely enclosed.
